

## The Iran Nuclear Treaty Just Say NO

Webster defines a “Treaty” as “A formal agreement between two or more nations.” So whatever it is that Obama’s bunch, led by Secretary of State John Kerry, signed with Iran is a TREATY – not a “deal.” [FYI – Webster defines a “deal” as a contract, as relates to business, or a bargain. The U. S. did NOT get a “bargain.”].

There is a gaggle of attempts to define what it was the U. S. and Iran agreed to, a few may be read by clicking [HERE](#), [HERE](#), and [HERE](#). There are also numerous articles that expose what Obama is not telling us, such as [HERE](#) and [HERE](#). If I were to list why the “deal” is dangerous I would include the the three reasons listed [HERE](#), plus my understanding there is no deterrent to Iran developing nuclear weapons.

There are several things we should understand:

1 – The agreement is between more than the U.S. and Iran, click [HERE](#). It includes all five of the permanent members of the UN Security Council (China France, Russia, UK, and the U.S.) PLUS Germany and the EU.

That is why the UN Security Council approved the Iran Nuclear “Deal” (TREATY !!!!!!!!!!!!!!!!!!!!!!!), on 072015, click [HERE](#). That is why there are those who believe that this was Obama’s way of going over the Head-of-Congress. While I do not doubt that this was a deliberate effort by Obama to eliminate Congress’s voice I do not think it will hold in the end if Congress disagrees.

2 – What really threw a monkey wrench in the works was the Bob Corker (R-Tenn) and Ben Cardin (D-Md) Senate Bill. The Corker-Cardin Senate Bill states that it would require a two-thirds vote to stop the bill. That means 67 Senators and 290 House Representatives would have to oppose the agreement because it is a “deal” – not a “treaty.”

Why on God’s Green Earth the Corker-Cardin bill passed I do not know. I think everyone of those Senators knew that Article II, Section 2, Paragraph 2 of the Constitution requires a 2/3s of the Senate approval. The bill is a deliberate unconstitutional act. So I agree with a recent article in the Investor’s Business Daily, click [HERE](#). Your understanding will benefit by reading this link. You will understand that Congress is just as much out of control as is Obama. Republicans are as guilty as the Democrats, and that includes Senator McCain who called people in Arizona who rallied against illegal immigration “crazies.”

3 – And here is the most shocking and disgusting part of all of this. Obama has been in negotiations with Iran, willing to agree with the more dangerous of Iran’s leaders, since 2011, not 2013 as he claimed, click [HERE](#). In other words –

Obama lied. He has willingly bowed to Iran and willingly gone about the destruction of the U. S., and Israel.

No matter how unconstitutionally Obama acts the fools in Congress will not take up Impeachment. Those fools, and I specifically include McConnell and Boehner, are not seriously willing to even challenge Obama by passing bills they think he will veto.

So People, I urge you to go to the web sites of our two Senators, Warner and Kaine and tell them you do not want them to approve this "Deal." Also go to the web site of the Speaker of the House and the Senate Majority Leader, and make the same statement. I think Congressman Goodlatte will vote against the agreement – but lets make certain by also going to his web site and telling him that you do want the Iran Nuclear ~~Deal~~ Treaty passed.
