

What's Actually in the Trans Pacific Partnership And Obama's Use of it For Climate Change

(The up-or-down votes in the House and Senate can take place as early as January 2016)

I borrowed the title and sub-title from an article that appeared in the American Thinker, click [HERE](#).

Folks, please take the time to read the article, click [HERE](#). It show scare the h--- out of you. As most of us have concluded already, the Trans Pacific Partnership (TPP) is NOT a good thing. If you do not contact your Congressman and plainly state you do not want it passed I can assure you he/she will likely vote to pass it, because she/he thinks trade agreements are desired – even with the dangerous and threatening content in the TPP. (There are better alternatives approaches to trade agreements with other nations

But it gets worse. Obama intends to use the TPP to bypass Congress on matters of Climate Change, and in the process deal a devastating blow to the U.S. Read [HERE](#).

You can set on your backside and say nothing or you can make your voice heard. If you don't then you have just let your Nation go down the tubes, you have declared you do not care or are too damn lazy to protect yourself, your fellow country men, and the United States of America.
